

Partnering in Business with Germany Programme **of the Federal Ministry for Economic Affairs and Climate Action (BMWK)**

In cooperation with GIZ, Enterprise Georgia is implementing the *Partnering in Business with Germany* Programme of the Federal Ministry for Economic Affairs and Climate Action. This Programme is aimed at developing international trade opportunities for small and medium-sized Georgian enterprises with German companies, which is of particular importance in the context of the EU-Georgia Association Agreement about a deep and comprehensive free trade area.

Partnering in Business with Germany contributes to

- the entry of Georgian enterprises into the German and international markets
- increasing the competitiveness of Georgian enterprises
- improving skills in the field of foreign economic activity

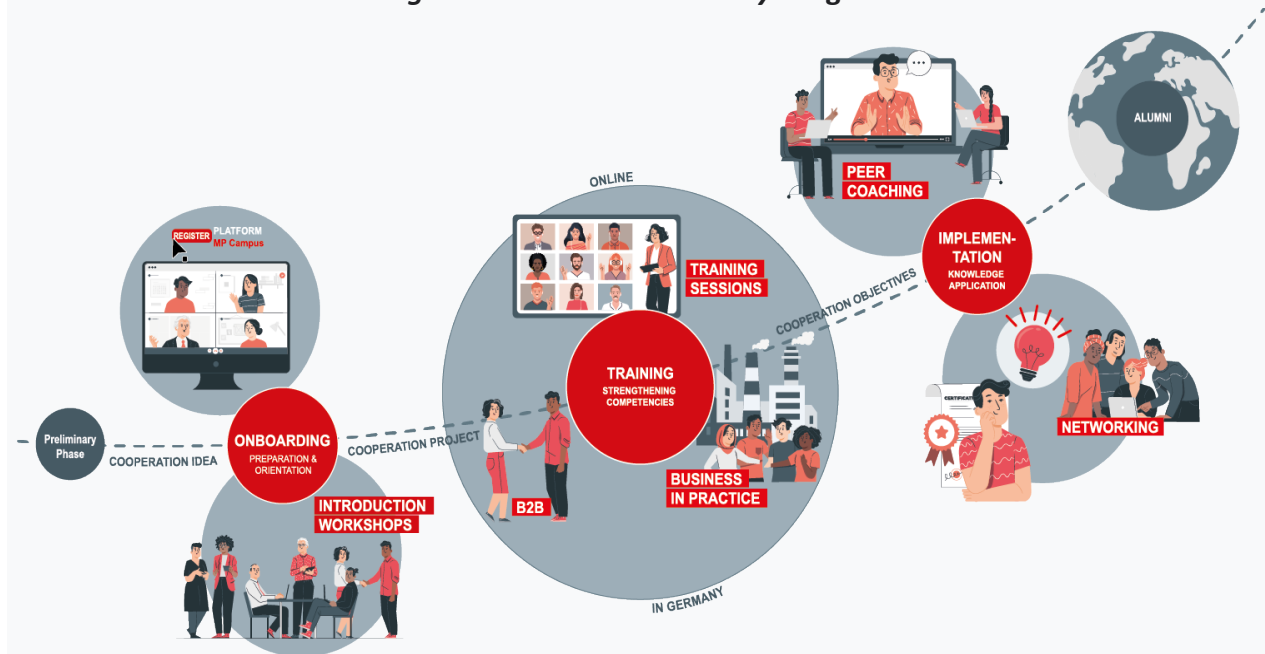

The Programme offers its participants:

- Blended learning: a combination of digital and face-to-face formats and teaching methods
- Compact 2-week stay in Germany
- Acquaintance with the experience of successful German companies
- Direct contact with potential business partners in Germany
- Become part of the international business community with exclusive access to graduates from 17 partner countries of the Programme (more than 17,000)

Target group of the *Partnering in Business with Germany* Programme are middle and high level managers

- of small and medium enterprises in Georgia
- with at least 2 years of experience working in a managerial position
- of higher education in economics, trade, technology, management or other similar disciplines
- with the authority to negotiate on international level and
- good English language knowledge.

The structure of the *Partnering in Business with Germany* Programme
